

## Port Dover Fun!!

Port Dover is a popular tourist destination and a lively place to spend some vacation time. In June, an enthusiastic group of friend's rented two cottages just off the beaten path and moved in for 6 days of rest, relaxation and fun.

As most vacations go, the week flew by quickly. Still the happy vacationers took part in the true Port Dover experience – The Arbor, Knechtels, walking along the pier and the beach, lots of swimming in the pool at the cottage and a few braved the lake, watching the boats come and go (Dave even took a boat tour of the area) and, of course, shopping at Giant Tiger.

A highlight of the week for some was a trip to Black Creek Stables for an hour of horseback riding. Some people were experienced riders, others were riding a horse for the first time ever – all were smiling throughout the ride. Once the ride was finished a promise was made by many to return and ride the trails again.

Another highlight of the week was the celebration of Stacey's birthday that featured a barbeque, lots of friends and laughter and cake and ice cream.

Too soon it was time to pack up and return home to reality – but not before the cottages were booked again for next year – the anticipation already growing for sun, sand, shopping and serenity.
